

District Referee Administrator Report

May 12, 2004

1. USSF Registration

CAL-N/CNRA reports on the latest listing that D7 has 609 registered referees for 2004. There will probably be 2 more listings mailed this year or season. One later this month and then the final listing will be issued in June.

All referees taking the Entry Level Clinics will have their applications held until after July 1 so that they will be registered for 2005.

2. Referee Administrative Handbook

US Soccer is going to post the Referee Administrative Handbook on the web site, in Spanish. Neither the USSF nor CNRA will be printing books, but anyone will be able to download it and print it as needed. It should be up on the www.ussoccer.com site by the middle of May.

3. State Cup Finals

CYSA invited 2 D7 referees to the State Cup Finals held earlier this month in Livermore. From the assessments that were done on every game, both Jeremy Fagundes and Erick Walker represented the District well. Jeremy was 1AR in one game on Saturday and was a 4th on a final match on Sunday. Erick Walker was Referee on a final at a Sunday match

4. Entry Level Referee Clinics

The following Entry Level Referee Clinics have been scheduled. Those people wanting to attend any of the clinics need to contact the League Representative and a reserve space as there is a maximum number of referee candidates allowed at a clinic.
